.D.O.No.:K-11011/2/2008-NREGA(MON)/TS

Dated: 13th February, 2009

Dear ,

Kindly refer to the PRC held on 12th February, 09 in which status of the Labour Budget entry into the MIS was discussed along with the dates of Labour Budget meetings to start from 18th February,09.

2. Some states have done a satisfactory job in this regard and it is requested that State should not only expedite the entry of Labour Budget in to MIS but should also analyze the quality of data entry.
3. States should ensure that all the Gram Panchayats are entering the figures in unit which is given in the data entry format. The issue is flagged since expenditure value has to be in Rupees in Lakhs as mentioned in the data entry format. It also needs to be ascertained that GPs should enter the cumulative values up to the month as is done in the MPRs. The entries done against the month of March will be considered to be the total values for the Labour Budget for the next financial year 2009-10.
4. You are requested to analyze the status of Labour Budget entry in to MIS so that it can be displayed online during the meeting in the Ministry.

With regards,

Yours sincerely,

(Amita Sharma)
